Healthier Pets Create a Healthier Planet and Healthier Profits

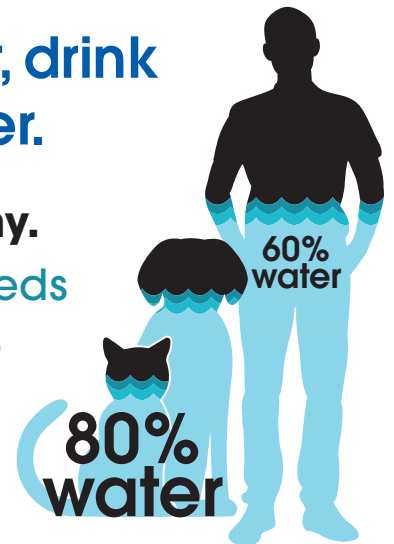

Pets smell germ-free, cleaner water, drink more, and are healthier and happier.

Pets need more water than humans to be healthy.

Pets are 80% water vs. 60% for humans. Your pet needs an ounce of water per pound of weight every day.

Hydration enhances your pet's energy, strength, immune system, and mood.

- Recycling sugar cane fiber Refills eliminates 100% of germs
- Dishwashers do not get hot enough to kill all germs¹
- Kleanbowl significantly reduces cleaning time and resources, saving money and the planet²
- Recycling creates less waste than washing³
- Healthier hydration means stronger bonds, more return visits and profits
